## Elementary Discussion Guide

Good character helps us make good choices and good choices help to keep us out of trouble.

- What are some examples of good choices?

Respect is a very important character trait

- What does respect mean?
- Who are some people we should respect?
- How do we show respect?

Caring is also a character trait we should have.

- What does caring mean?
- How do we care for others?

The golden rule says that we should treat others the way we want to be treated.

- Do you like to be bullied? What is bullying?
- Do you like to be teased? What is teasing?
- Do you like it when others are mean to you? What is being mean?
- Then I bet other people don't like it when we do things like this to them.

When someone tries to get you to do something you know is a bad choice what should you say?

- NO!
- Then you may need to walk away from the situation so they can't talk into doing something you really don't want to do.
